WELCOME MESSAGE

Dear Colleagues,

We are honored to welcome you in the annual international conference of pediatric Neurosurgical Oncology of the Children's Cancer Hospital of Egypt. (CCHE-57357), the largest free standing pediatric oncology hospital in the world. CCHE-57357 is a unique humanitarian project that was built by and is completely reliant on-donations and contributions.

We Began operating in July 2007. The 57357 Institution's vision is to become a worldwide icon of change towards cancer-free childhood, the CCHE is regarded as a leading center of excellence in Egypt, Africa and in the Arab Region, recording an over-all survival rate of 71.4%. It is also becoming the major treatment center of childhood central nervous system tumors throughout the region because of professional, highly trained and passionate neuro-oncology team and its acquisition of cutting-edge technology in care delivery including intra-operative MRI, latest generation of radiotherapy: Linacs, and future acquirement of Proton therapy.

We are privileged and enthusiastic to host this prominent international scientific gathering to exchange knowledge and advance the state of care and research in Pediatric Neurosurgical Oncology. We are also honored to host the first African Pediatric Neuro-oncology Society Meeting (APNOS).

Honorary President

Prof. Dr. Sherif Abouelnaga

Dear Colleagues,

It is with great pleasure to invite you to the Third Annual Conference of pediatric Neurosurgical Oncology of the Children's Cancer Hospital of Egypt (CCHE-57357).

The conference will host the First meeting of the African Pediatric Neuro-Oncology Society (APNOS) facing the emerging future of Africa in the field of Neuro-oncology.

The conference comes this year in collaboration with the World Federation of the Neurosurgical Societies, the Egyptian Society of Neurological Surgeons (ESNS) and the Pan Arab Society of Neurological Surgery.

The conference hosts a unique group of eminent international faculty to enhance the opportunity of experience exchange together with exposure to experts' concepts in the field.

We are looking forward for your active participation in this unique and spectacular international scientific gathering which will include a WFNS hydrocephalus course, neuro-oncology sessions and workshops on endoscopic and ultrasound guided surgeries.
